** This message applies to one or more subordinate accounts in your billing hierarchy.

NOTICE OF RATE INCREASE

Your contract term has expired on certain accounts and/or service configurations. Within the next 30-60 days your monthly billing statement will reflect a rate increase on out of term services. All out of term services will be adjusted to month-to-month pricing, including a T1 TDM Connectivity Charge up to \$30,000 per DS1 circuit and a DS0 TDM Connectivity Charge up to \$2,750 per DS0 circuit. The TDM Connectivity Charge is applicable to all DS1 and DS0 services. Please note that rates for services that remain in a month-to-month arrangement could increase again in the future as well. Increases may be avoided by contacting your account representative to discuss renewal or product conversion options. We sincerely appreciate your business and look forward to continually expanding our technology solutions to meet your ongoing needs. If you have questions, please contact Windstream at the number listed on this billing statement.

Ancillary Fee Schedule Update

We've recently updated our Ancillary Fee Schedule [api.windstreamenterprise.com/wp-content/uploads/2023/12/WE-Ancillary-Fee-Schedule.pdf] which goes into effect on August 6, 2025. MACs (move/add/change) requests for non-TDM services will incur a 'Service Change Request Fee'. To avoid the fee, simply go to the customer portal to make your request. Requests which require a truck roll, expedited manpower and/or after-hours support will also incur the standard fees noted.
